

# Diagnostic Assistance: Version 6.3

291

Totals: 33 14 291

| Chapter | Page Title  | New | Updated | Illustrations |
|---------|---|-----|---------|---------------|
|         | Chapter page: Electrics                           |     |         |               |
| 1.1     | Basic Electrics                                   |     | 6.2     | 13            |
| 1.2     | Electrical Circuit Testing                        | 6.3 |         | 8             |
| 1.3     | Batteries   | 6.1 | 6.3     | 6             |
| 1.4     | Keyless Go System                                 | 6.1 |         | 2             |
| 1.5     | Power management                                  | 6.3 |         | 3             |
| 1.6     | Wiring Diagrams                                   | 6.3 |         | 3             |
|         | Chapter page: Basic Engine Technology             |     |         |               |
| 2.1     | The Otto Cycle                                    | 6.3 |         | 5             |
| 2.2     | Oil Pumps and Lubrication                         | 6.3 |         | 1             |
| 2.3     | Water Pumps and Cooling                           | 6.3 |         | 7             |
|         | Chapter page: Starting and Charging Circuits      |     |         |               |
| 3.1     | Starting Circuits                                 |     | 6.3     | 4             |
| 3.2     | Stop Start Systems                                | 6.3 |         | 1             |
| 3.3     | Charging  |     | 6.3     | 9             |
|         | Chapter page: Electronic Ignition                 |     |         |               |
| 4.1     | Ignition Primary Circuits                         |     | 6.2     | 7             |
| 4.2     | Ignition Secondary Circuits                       |     |         | 10            |
| 4.3     | Testing Ignition Secondary Circuits               | 6.1 |         | 7             |
|         | Chapter page: Petrol Electronic Fuel Injection    |     |         |               |
| 5.1     | Indirect Petrol Electronic Fuel Injection         |     |         | 20            |
| 5.2     | Direct Petrol Electronic Fuel Injection           |     | 6.2     | 3             |
| 5.3     | Fuel Pressure Testing (indirect injection)        | 6.2 |         | 1             |
|         | Chapter page: Diesel Fuel Injection               |     |         |               |
| 6.1     | Diesel Mechanical Fuel Injection                  |     |         | 6             |
| 6.2     | Diesel Mechanical Fuel Injection Trouble Shooting |     | 6.1     | 1             |
| 6.3     | Types of Electronic Diesel Fuel Injection         |     | 6.3     | 14            |
| 6.4     | Bosch Diesel Common Rail (part1)                  |     |         | 1             |
| 6.4 ref | HDI - Engine                                      |     |         | 1             |
| 6.5     | Bosch Diesel Common Rail (part2)                  |     |         | 5             |
| 6.6     | Bosch Diesel Common Rail (part3)                  |     |         | 4             |
| 6.7     | Bosch Diesel Unit Injection (Pumpe-Duse)          | 6.1 | 6.3     | 8             |
| 6.8     | Diesel Leak-off Testing                           | 6.2 |         | 2             |
| 6.9     | Vacuum Supply                                     | 6.2 |         | 2             |
| 6.10    | Low Pressure Fuel Testing                         | 6.3 |         | 2             |
|         | Chapter page: Control Modules                     |     |         |               |
| 7.1     | Engine Electronic Control Modules                 |     |         | 3             |
| 7.2     | Locations of Engine Electronic Control Modules    |     |         | 0             |
| 7.3     | Body Control Modules                              | 6.3 |         | 2             |
|         | Chapter page: Sensors and Actuators               |     |         |               |
| 8.1     | Sensors (Petrol EFI)                              |     |         | 1             |
| 8.2     | Actuators (Petrol EFI)                            |     |         | 1             |
| 8.3     | Sensors (Common Rail Diesel)                      |     |         | 1             |
| 8.4     | Actuators (Common Rail Diesel)                    |     |         | 1             |
| 8.1.1   | Coolant Temperature Sensors                       |     | 6.3     | 4             |
| 8.1.2   | Air Temperature Sensors                           |     |         | 1             |
| 8.1.3   | Fuel Temperature Sensors                          |     |         | 1             |
| 8.1.4   | Crankshaft Position Sensors                       |     |         | 1             |

| Chapter  | Page Title                          | New | Updated | Illustrations |
|--|-------------------------------------|-----|---------|---------------|
| 8.1.5  | Camshaft Position Sensors           |     | 6.2     | 1             |
| 8.1.6  | Engine Speed Sensors                |     |         | 1             |
| 8.1.7  | Throttle Position Sensors           |     |         | 3             |
| 8.1.8  | Airflow Sensors                     |     |         | 3             |
| 8.1.9  | Atmospheric Pressure Sensors        | 6.1 |         | 0             |
| 8.1.10   | Manifold Absolute Pressure Sensors  |     |         | 1             |
| 8.1.11   | TMAP Sensors                        | 6.1 |         | 1             |
| 8.1.12   | Lambda Sensors                      |     | 6.2     | 7             |
| 8.1.13   | Knock Sensors                       |     |         | 1             |
| 8.1.14   | Road Speed Sensors                  |     |         | 1             |

| 14.5.21 | Waveform - Delphi Injector   | 6.1 |         | 4             |
| 14.5.22 | Waveform - Common Rail Pressure Sensor (Delphi)                          | 6.1 |         | 2             |
| 14.5.23 | Waveform - Denso Common Rail Injector                                    | 6.1 |         | 4             |
| 14.5.24 | Waveform - Denso FTS   | 6.1 |         | 2             |
| 14.5.25 | Waveform - Denso SCV   | 6.1 |         | 3             |
| 14.5.26 | Waveform - Airflow intake / turbo boost pressure                         | 6.1 |         | 3             |

| Chapter                            | Page Title   | New | Updated | Illustrations |
|------------------------------------|--|-----|---------|---------------|
| 14.5.27                            | Waveform - Fuel Supply Pressure                                      | 6.3 |         | 5             |
| 14.5.28                            | Waveform - Diesel Injector Lift Valve Sensor                         | 6.1 |         | 2             |
| 14.5.29                            | Waveform - Piezo Injector  | 6.1 |         | 3             |
| 14.5.30                            | Waveform - TMAP on Turbocharged Diesel                               | 6.1 |         | 2             |
| 14.5.31                            | Waveform - Turbo Boost / Air Intake Temperature                      | 6.1 |         | 2             |
| 14.5.32                            | Waveform - Turbo Boost Pressure                                      | 6.3 |         | 4             |
| 14.5.33                            | Waveform - Vacuum Supply   | 6.3 |         | 4             |
| 14.6.1                             | Waveform - Motorcycle cranking                                       |     | 6.1     | 3             |
| 14.6.2                             | Waveform - Motorcycle Charging Volts & Amps                          |     | 6.1     | 2             |
| 14.6.3                             | Waveform - Motorcycle Phase Wires                                    |     | 6.1     | 4             |
| 14.6.4                             | Waveform - Motorcycle Engine speed & position                        |     | 6.1     | 3             |
| 14.6.5                             | Waveform - Motorcycle Coolant & Intake Air Temperature               |     | 6.1     | 3             |
| 14.6.6                             | Waveform - Motorcycle Atmospheric Pressure Sensor                    |     | 6.1     | 3             |
| 14.6.7                             | Waveform - Motorcycle Road speed Sensor                              |     | 6.1     | 3             |
| 14.6.8                             | Waveform - Motorcycle Throttle Position Sensor                       |     | 6.1     | 3             |
| 14.6.9                             | Waveform - Motorcycle Manifold Pressure Sensor                       |     | 6.1     | 3             |
| 14.6.10                            | Waveform - Motorcycle Lambda Sensor                                  |     | 6.1     | 3             |
| 14.6.11                            | Waveform - Motorcycle Fuel Pump Current                              |     | 6.1     | 2             |
| 14.6.12                            | Waveform - Motorcycle Injector                                       |     | 6.1     | 3             |
| 14.6.13                            | Waveform - Motorcycle Injector Current                               |     | 6.1     | 2             |
| 14.6.14                            | Waveform - Motorcycle Primary Ignition                               |     | 6.1     | 3             |
| 14.6.15                            | Waveform - Motorcycle Primary Ignition Current                       |     | 6.1     | 2             |
| 14.6.16                            | Waveform - Motorcycle Secondary Ignition (Negative Fired)            |     | 6.1     | 2             |
| 14.6.17                            | Waveform - Motorcycle Secondary Ignition (Positive Fired)            |     | 6.1     | 2             |
| 14.6.18                            | Waveform - Motorcycle Side Stand Switch                              |     | 6.1     | 4             |
| 14.6.19                            | Waveform - Motorcycle Neutral Switch                                 |     | 6.1     | 2             |
| 14.6.20                            | Waveform - Motorcycle Cooling Fan Current                            |     | 6.1     | 2             |
| Chapter page: Miscellaneous Topics |  |     |         |               |
